To Whom It May Concern:

We recently hired Eric Neuhaus as a researcher on a high-profile development project at Court TV. His assignment was to locate law enforcement teams nationwide that fit the show's concept, as well as to track down written and visual materials associated with those teams.

Especially given the broad nature of the project's concept, we were very impressed with the thoroughness of Mr. Neuhaus' research. We are now actively pursuing several teams that Mr. Neuhaus identified, which has greatly helped in pushing this project along quickly. His research was focused and appropriate, and his presentation of the materials was organized and professional.

I recommend Mr. Neuhaus without reservation. If you have any questions or would like to speak to me directly, please contact me at 212-973-7911.

Sincerely,

A handwritten signature in cursive script that reads "Elli Hakami".
